# Work.Share.Collaboration

Enjoy rich functionality and interactive touch for education or business applications with our ultra-thin and ultra-narrow smart interactive whiteboard display. It is a new generation of interactive touch all-in-one device, which is composed of LCD panel, dual OS, and whiteboard software. This new ultra-HD whiteboard provides a vivid, sharp image with superior touch, delivering an immersive and efficient working or teaching environment leading to an engaging collaboration.

## Excellent visuals with ultra-HD

Benefiting from an UHD anti-glare panel, the new electronic whiteboard presents a sharp, vivid and lifelike image, which creates an immersive and efficient working or teaching environment, thus enabling users to obtain more information and details.

## Accurate sharing, sync control

Thanks to unique wireless screen sharing technology, the new whiteboard achieves wireless presentation and interaction on PC, smartphones, and tablets. Changes made on whiteboard automatically transmit to the user's personal device.

## Releasing your ideas in a new way

With our new intelligent interactive whiteboard, you and your teams can make notations on a variety of content files at any one time and place. All notes can be saved within files. Unleash your team's creativity. Information sharing can be realized by one-touch local saving, QR code scanning, Email delivery etc.

## Smooth writing, perfect drawing

With an outstanding touch sense, the new whiteboard recognizes up to 20 touch points simultaneously. This high sensitivity touch experience leads to smooth writing and drawing without any ghosting effects.

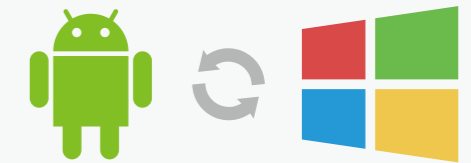

## Sharing information on a large screen

The loop out function enables content play on a large screen, offering viewers a clear and vivid image, regardless of their viewing position.

## Powerful Android and Windows system

Embedded with a powerful Android system, the new whiteboard provides efficient team collaboration. Through the detachable PC module with Windows O/S, users can install any software according to their business requirements.

## Built for remote teamwork

Compatible with Dahua video conferencing devices, the new whiteboard brings your teams together, regardless of the time and the location.
